WORK EXPERIENCE

UX Design Specialist (Product & UX Design)

Vodafone GmbH, Düsseldorf, Germany | Nov 2023 - Mar 2026

- Designed and specified end-to-end user flows and UI components for web and mobile platforms, delivering scalable solutions for both new and existing customers.
- Led UX and UI accessibility audits aligned with WCAG standards, contributing to making ~80% of design system components accessible across key customer journeys.
- Developed interactive prototypes and UX concepts to support user research, usability testing, and data-driven design decisions.
- Contributed to the evolution and optimization of the Vodafone design system and digital style guide, ensuring consistency across digital products.
- Collaborated within agile cross-functional teams with UX designers, frontend developers, product managers, SEO specialists, and content teams to deliver consistent and user-centered experiences.

UX Designer – Working Student & Intern

Vodafone GmbH, Düsseldorf, Germany | Sep 2022 - Oct 2023

- Developed design guidelines and documentation for stakeholders, helping ensure consistency across product teams and digital touchpoints.
- Managed and expanded the iconography and illustration library, creating new icons and maintaining visual consistency within the design system.
